SUMMARY

A passionate and results-driven full-stack PHP developer with 1 year of hands-on experience at Avalgate Software LLP, proficient in CodeIgniter, Laravel, and real-time communication technologies like Ratchet WebSocket. Holding a Bachelor's degree in Computer Applications from Panskura Banamali College (Autonomous) and a Master's degree from Vidyasagar University, I have developed strong skills in backend development, API integration, and scalable web solutions. I am eager to further enhance my expertise and contribute to impactful, cutting-edge web development projects as I advance my career.
